Thoughts of members of the audience at the Red Cedar Concert on 10/20/2018

"This is my favorite of all the Red Cedar performances I've attended. Wow! I love the poetry and the music designed for each other. I'm going to try to find a way to turn Akwi's poem into artwork for my home. I would love to have a video of your performance to share with my family. Thank you so much! I also really enjoyed the poem that went with the fireside chat – hard to believe it was a 9th grader." T.K.

"Thank you for a delightful afternoon of music & poetry." B.W.

"Long Dance, Slow Revolution, 'love the anchor point on simple melody. So 'American' – Aaron Copland???? Wisdom and understanding beyond your years. Very nice!!!" R.W.

"I really appreciated the words written so one could follow along. Thank you for a wonderful afternoon." J.L.

"Some of the tears I held within, some of them spilled over. Beautiful and so touching. Sixty-one years of marriage headed for sixty-two." H.F.

"Beautiful blend of music & the spoken word – a nice concept!" N.D.

"Oh my! Moved to tears by 'Love & Life' – so beautiful. Love the 'marriage' of music and words." M.E.

"Delightful performance. Thank you!" P.R.

"I enjoyed the concert. I have not attended many sessions combining music & spoken word." N.B.

"I have attended Red Cedar for a number of years – always enjoy – Akwi was a young girl here in Springville. So happy to know what a wonderful artist she has become." J.M.
